THE STARTING LINE

Official Monthly Publication of Cowtown Mopars

Allen Samuels Alliance Car Chow

The club had a good showing at the Allen Samuels Alliance Car Show on May 9th, 2009. Although it tried to rain on us, everyone had a lot of fun. The following club members had winning cars at the show:

MARTY ROBINSON--OUTSTANDING MOTOR
DAVE MANDATO ---OUTSTANDING MOPAR
MIKE BEARCE-----TOP 10
RICHARD WEST----TOP 40
MAURY SIETZ----TOP 40

There was also one other club member that unfortunately did not get recorded....if you are reading this, SPEAK UP so we can recognize your accomplishments!!!!

Be sure to watch out for Christian Classic Cruiser shows the third Saturday of every month from now until the fall. The club will be meeting at Rosa's Café just south of the show field about 4pm.

MAKE A WISH CHARGER RESTORATION

In this month's Mopar Collectors Guide there is an article regarding a your girl that is undergoing treatment for Leukemia, and her wish was for a 1969 Charger!! There is a small army of volunteers restoring a Charger as we speak, but they are looking for parts and monetary donations to help complete the vehicle. We will be getting in touch with the coordiantor, Mike Meeks, to see if he can send us a list of needed parts. So if you have some B-body parts lying around that you might like to donate, dust them off. We will have more in the next newsletter, but go pick up the June issue of MCG for more on this interesting story.

From The Desk of El' Presidente

It's June already? That means it's time to start looking for those evening gatherings at the Sonic drive-ins and similar places. Don't put the car away because it's getting hot. Roll down the windows and head out after the hottest hours.

A bit of not-so-fun news: Mark Buchanan had an unfortunate accident with his ATV. It ended up on top of him, breaking several ribs and puncturing a lung. He is at home trying to heal. Mark will no doubt be out of the loop for a little while since you can't do anything without causing pain to broken ribs. Even talking is uncomfortable. I'm sure he'd appreciate everybody's thoughts and prayers.

Things slow down a bit this time of year but we still have a fall show to put together and other activities going on. Keep the ideas coming on how we can make your club better and invite new members into the group.

Good luck finding that parking spot in the shade.

Kevin Alexander

Mark Buchanan - Race Team Coordinator

HEY SEVENTIME TMCCC CHAMPIONS!!!!

It's May 30th and my portion of the newsletter is being typed. The fourth race of the year will be tomorrow in Denton. Because of my accident I will not be able to be there. This will be the first race I have missed in over seven years. It is almost as painful as my eight broken ribs!! Hopefully I can get the results to Kirk to put in the newsletter before it is finalized. Last month I predicted we would be 70 points ahead after three races. I was wrong we're 68 points ahead. Good luck everyone!

Now it's June 1st and I have CMPT winners from Denton. CONGRATULATIONS TO:

- Stan Allan-----runner up king muscle
- Pete Phelps-----semifinalist super muscle
- David Huffman-----winner "Race of Champions"

I would like to thank everyone for their thoughts, warm wishes, prayers and support after my accident. Thank you for the kind emails. Thank you for the phone calls. And thank you for the visits. If I made any promises while I was medicated, I cannot be held responsible! I also cannot say whether there was an angel at all four corners of the 4-wheeler as it was parked upside-down on top of me in the bed of my pick-up. Nor can I say whether some sort of rush of God-given adrenaline allowed me to move the 4-wheeler from on top of me. But I do know that my 800-pound 4-wheeler was laying on top of me and in a matter of a split-second I was free from underneath it. I thank God for that miracle.

See ya

June Truck Of The Month Kirk Maisenbacher's 2007 Dodge Dakota

I will be the first to admit the third generation Dakotas are the least attractive. In a way that is good, because I really hate driving what everyone else has. Aside from looks, this chassis is the best Dakota setup ever.

It handles incredibly well for a truck, and the ride is excellent. Power comes from the proven 4.7L V8, 545RFE automatic and 9.25 rear axle. It is essentially a Ram driveline stuffed in to a smaller truck.

I have installed a custom cold air intake, true dual exhaust, and fabricated a gauge pod to house my Autometer voltage and oil pressure gauges. I also installed a factory 6 disc CD changer, Extang Tonneau cover, and now it runs a Superchips 3815 Flashpaq.

Now, both of my vehicles have been car of the month...so you had better start sending me something!!!!
