## From The Veep's Desk

The year is 1969, I'm growing tired of the 318 Charger my dad had waiting for me at Love Field when I returned from the Army. When I left for Germany, I let him use my '64 Fury as a trade in with the intent of making a down payment for my next car. As we made our way home from the airport he informed me that for a mere \$50 more I could have had a 383. Thanks dad.

It was time for a trade, a new '69 Super Bee was now in the driveway. I don't know if I would have waited on the new E bodies had I known they were going to be introduced in 1970. As it turned out I never had one.

Now it is 47 years later, there is finally a Challenger in my garage. The look of the 70s era with the refinements of today, what a pleasure to drive.

Don't forget too join us at the club meeting and the various functions we have during the month. We had a good crowd at Rudy's on Saturday (July 22). Great food and a good time with friends.

## “In The Works”

Chris Sharp, Activity Director

Hello fellow Cowtown Mopar members. July was a very exciting month. We had a great turnout for the Hemi Hideout trip. It was hot but a great adventure. We plan on a return in the spring when it is a little cooler and a little less crowded. We also had a great turnout for the monthly breakfast at Rudy's. Thank you all who came out to support the club.

Let's also congratulate the club on securing a dealer sponsor. Ewing Chrysler Dodge Jeep Ram in Arlington has agreed to be our dealer sponsor. They are excited to build a relationship with Cowtown Mopars and plan on being very active with it club.

Let's roll into August and hit the pavement running. **TBA in August** we will be cruising to Pops Burger Stand in Waxahachie for an early evening dinner. Then all cruise to the Galaxy Drive Inn in Ennis for a night at the movies. Details are still being worked out with Galaxy. As soon as a movie time is set, it will be posted on the club Facebook page as well as the website. Bring the kids, bring the car bring the fun. **TBA in late August** will be the monthly breakfast at Rudy's BBQ in Arlington at 9am. We've had great turnouts for this. Let's continue to let it grow and fill the place with Mopar power.

Looking ahead “In The Works” is a group picnic with fellow clubs Dallas Mopars and DFW LX. Lots of planning going into this and the club will be updated when plans are made. Until then, keep rolling down the road and we will see y'all at an event soon!!

## *Off The Wing* by Barry Hansen

Road trip dept...Hemi Hideout was great. Tooling down Hwy 6 between Waco and west Houston with Jerry Jeff Walker on the iPod and a wonderful Texas sunset, what's not to like. I think there was about a dozen of us Saturday morning. The Hemi Hideout has to be seen to be believed. Of the 25 to 30 cars on display in this big, beautiful, high roof, air conditioned, well appointed display building (think National Park rustic three story tall log structure), only about 4 or 5 had a 440 here or a 340 there. All the rest had HEMIs (all Gen II cars) most were numbers matching, the ones that weren't had all aluminum GEN II HEMIs. The collection of all-working Chrysler dealer neon signs along the walls and ceiling were fantastic. Kudos to Chris, our activities director, for arranging such a great trip.

Boo in the dark dept...on the way down in Houston traffic, in the dark with no place to go ran over a pallet on the freeway. Fortunately I was in the second most perfect vehicle to do that; our big tire, skid plated Wrangler. The only better vehicle would have been the bigger tire, lifted, more skidplates Ramcharger. Probably would have sped up in the Ramcharger. I mean it's got a skidplate like a manhole cover.

Oh come on dept...the alternator went out in the Caliber. Three hours to take off the P/S pump, move the A/C compressor and finally the alternator. Threw down the tools at that point. The next Saturday thirty minutes just to fish the new alternator back into its position and crush the new oil filter. Next day three hours to secure the alternator, P/S pump, A/C compressor and new oil filter. Car runs great. BUT COME ON, if this was the Ram or the Charger it would have taken longer to get my tools out than to remove and install the alternator. Again I say if the engineers had to work on the cars they designed they'd be a whole lot different.

Mopar breakfast of champions...breakfast burritos. Rudy's Breakfast Club continues to grow. July was well attended and some new friends to boot. I challenge anyone to find a better breakfast burrito (Rudys calls them tacos but we all know they're really burritos).

All depends on how you look at it dept...got a new documentary DVD, "The 24 Hour War". Back in the 60's Ford tried to buy Ferrari, Ferrari said yes then no. Ford got mad, spent millions, built the GT 40 and kicked Ferrari's butt the next three years at Le Mans. But I digress. Ford tried to buy Ferrari and fails. Chrysler merges with Fiat and they own Ferrari. No muss, no fuss. And we have someone to cheer for in Formula One. Viva Ferrari.

Looking forward to "We Are Mopar" Aug 5<sup>th</sup> at TMS. Although as this is written weather (storms) again may be a factor. I understand pre-entry already doubled from last year. Should be quite the blow out.

Speaking of blow-outs...can you believe it, the 33<sup>rd</sup> (yes 33<sup>rd</sup>) Annual Mopar Mini Nats will be held Sept 2<sup>nd</sup> in Garland Central Park by the Dallas Mopar Club. Couple of more years and this just might become a regular thing. Congratulations Dallas Mopar Club.

The wonderful thing about Mopars is that Mopars are wonderful things  
(with apologies to A. A. Milnes)
