## *Recycle Your Car Magazines*

Don't throw out those recently read car magazines, bring them to the meetings. Each club meeting there will be a box on the table to put your old car magazines in and maybe pick up a new one or two. We will find a good home for the remainder.

Thanks, *Rich and Barry*

## From The Veep's Desk

Hello all from the great Northwest. Nancy and I have reached the our half way point. We are camping in my daughters driveway till Wednesday then off again to Montana and South Dakota. We will see Mount Rushmore then head south for home.

We had to alter our reservations through California, the heat wave on the east side of the state made the west coast much more appealing. Four nights camping on Highway 101 in the Redwoods and at the beach were spectacular and somewhat cold. Had to stop at a thrift store for some long sleeves.

On the last leg from Portland to Seattle we were entertained with numerous classic cars headed south for various car shows along Interstate 5. My favorite was a red and white '57 Dodge convertible.

Hope y'all are having a great summer. See you next month.

## **“In The Works”**

**Chris Sharp, Activity Director**

Hello fellow members. We are well into the swing of summer and it will be over before we know it. So let's have some fun.

It's time for the much talked about trip to the **Hemi Hideout July 8th in Brookshire, Texas**. For those who want to some of us will be cruising down Friday July 7th leaving around 7p or 7:30p. The club has a discount rate available at Holiday Inn Express in Brookshire for \$79.00 a night. Rooms need to be booked by July 1st. When you call to make your reservation, ask for Cowtown Mopars group. For those choosing to come down Saturday, July 8th, we are to be at Hemi Hideout, 1172 Wilpitz Rd, Brookshire, TX at 9am. The facility is allowing us to park our collector cars at the front for spectators to see. Hemi Hideout is also having their Christmas-in-July event the same day with additional vendors giving us access to the facility for five hours. I encourage all to join us as this will be a special event. If anyone has any questions, feel free to contact me at dadofharry@yayoo.com.

Also in July is the **monthly breakfast on July 22nd at Rudy's BBQ in Arlington**. We will meet at 9am for breakfast and great fellowship. Coming in August is a dinner and cruise to the drive-in movies, date and time to be announced. Thank you to all who joined us on the cruise to east Texas for antique shopping. We had a blast and plan on doing this again. Can't wait to see everyone at the Hemi Hideout!!

## FIFTEEN TIME TMCCC CHAMPIONS!!!!

Everyone be sure and give Mark Buchanan a BIG thank you when you see him for taking such great care of the race team for the last 10 years!! This is my first time writing for the newsletter as race team co-coordinator but 20 years might be a stretch (for me anyway) even as young and spry as I am. Thank you to Don Deering for bringing the food to the last race and to Frank Smith for heating it up!

Now for the race news. The last race of the Spring Season was in Denton....the race that almost wasn't. We had 16 racers and congratulations to 6 of those who received awards. We now have a 7 point lead. The next race is September 10th at Wichita Falls and it's a 4 point race so we need a BIG TURNOUT! That's where we made a big move last year to finish the season strong and win our 15th straight TMCCC championship. So if you can make the race, it will be great to have you. Let's finish this year strong!!

## *Off The Wing* by Barry Hansen

It's official dept...I've been saying for years Lightning McQueen had to be based on a Viper. Latest issue of Hot Rod magazine (Aug) has an interview with the two guys that wrote and produced the Cars movies (Cars 3 out last month). Both lifelong car guys, they took a tour of the Viper factory just before they started writing the first movie.

Best laid plans dept...speaking of Cars 3 hoped I would have seen it by now. When you're a working stiff time sure has a way of slipping by. Maybe by the August issue.

Worth a look dept...hope you had a good Father's Day whether you were on the giving or receiving end. Mine was especially good. Among other thoughtful gifts was a book "Landy's Dodges, The Mighty Mopars of 'Dandy' Dick Landy", published by CarTech. An oversized 173 page paperback covering Landy's association with Mopar 1962 through 1974. Very well written with lots and lots of very good pictures. I highly recommend a look. Available at Amazon.com and Summit Racing.

Watched the "Snake and Mongoose" movie again the other day. What a great show. Thanks again Dan.

The other day in class one guy kept going on and on about how his great Mustangs were. I turned and simply said "Demon". "Yea" he says "but it costs \$85,000". I mention that I saw and ad for a new Ford pickup for \$69,000 and an article about COPO Camaros where the COPO mgr said prices start in the low \$90,000 and buyers rarely get out of there for less than \$130,000.

The Demon Challenger continues to attract controversy. Dodge ran an ad in several performance magazines stating the NHRA banned the Demon because it was so quick. NHRA wrote back that it did not ban the Demon. Couple of weeks later they sheepishly admitted they "sort of" did ban it.

A lot of interest and excitement lately with the Drag Pak Dodges, COPO Camaros and CobraJet Mustangs. GM and Ford answering the Demon challenge would certainly take it up another notch reminiscent of the old Super Stock/Pro Stock days of the late 60's and early 70's. I loved Pro Stock back then.

Road trip dept...looking forward to the Hemi Hideout cruise. Good friends, overnight cruise, great destination. Doesn't get much better than that. Thanks Chris for putting this together.

Off the subject dept...hope you have been enjoying the mild summer we have had so far. Mild temps, rain off and on, our yard has not turned its traditional "burned up brown" yet. Top down on the Sebring for weeks with the exception of one or two rain days and an unexpected early morning shower when I had to bail an inch of water out of the back floorboard before I went to work.

Lookin' for the Mopar?  
Try that dust in front of you
